#### DEAR NEIGHBOR,

It's the most wonderful time of the year, in the most wonderful neighborhood we know! The weather has (finally) grown cool, the leaves have fallen, and the decorations are up. Norton Commons' shops are adorned in their holiday finest, festive cocktails are being poured, and restaurants offer tasty comfort foods to warm chilly evenings. Yep, it's holiday season alright, and we are oh-so-ready to celebrate.

The holiday bustle is definitely apparent around here as Norton Commons is one of the largest hubs for small businesses throughout the entire Commonwealth. With over 100 independently-operated businesses right here in the neighborhood, our community is a great place to start if you want to shop local this season. With plenty of boutiques, salons, spas, and service providers, and outstanding options for dining and refreshment when you need a break, Norton Commons belongs at the tip top of your shopping list.

In fact, we've got two perfect opportunities to snag the best gifts out there on Shop Small Saturday on November 26, and Holiday Open House on December 3. On those dates, our boutiques and restaurants will celebrate with great promotions, unbelievable deals, and all kinds of festive offerings. On December 3, we'll add extra cheer with horse-drawn carriage rides (5-7pm) and photos with Santa (4-7pm) in exchange for a new, unwrapped toy or monetary donation for Toys for Tots. Also, expect to see some caroling in the town center that night following the lighting of our main tree, which is always a beautiful sight.

The North Village Market cottages have a lot to offer this season, too. They're open each weekend (Friday-Sunday) through Christmas, and they'll be joined by additional vendors for our first ever Holiday Pop-Up Market on December 3-4. Think of it as a very mini

version of our annual Art Festival, all decked out in holiday style. And don't forget about our family-operated Christmas tree lot at the North Village Market, open now until they sell out.

In terms of real estate, though the housing market might be slowing down for winter elsewhere, in Norton Commons things are humming right along. We've got a variety of lots in diverse sizes and price points available now. While move-in ready inventory remains low, we're excited to offer a few new homes and condo options, too, for one-level living. Don't forget it's always the perfect season to build your custom dream home on a lot of your choosing.

With the abundance of holiday festivities on the calendar, don't forget to enjoy what the holidays are really all about - enjoying time with those whom we love most. In Norton Commons, our timeless, well-built homes offer the perfect setting to do just that. And with community conveniences like unique local businesses, top-notch amenities, and a variety of parks and green spaces just steps from home, the Norton Commons lifestyle is the perfect choice for the busy holiday season and beyond. If you want to experience a better way of living yourself, come visit and see what it's all about. Then schedule a tour with our sales team to get a more in-depth look at our walkable, friendly community. It's a great place to call home no matter the season.

Whether you're just visiting or whether you live here already plan to pop over for a drink, a meal with family, or a day of shopping with friends. You'll be glad you supported local, and our shop owners will be too. Hope to see you around the neighborhood.

Warmly,

THE NORTON COMMONS DEVELOPMENT TEAM
